

BETHESDA CHILD OF THE MONTH

May 2008

Kedibone (Rose) –

Kedibone, also known as Rose, came with her brother Mike into the Kolokoto home in January 2008. They have fit right into the family. Rose is just a couple years younger than her new sister Mpho.

Rose

Rose arrived at Bethesda just one day before school started. She made a quick adjustment to a new family and a new class as she started grade R (kindergarten) right away. Since starting school, she has made many new friends and has learned something new everyday! She especially loves to be read to and looks forward to learning to read on her own soon.

Rose and Mpho

Rose is the social butterfly of her family. She will talk to everyone and especially loves to share stories of her grandmother.

She is a quick learner and follows instructions well. This is something her parents, John and Primrose Kolokoto enjoy about Rose. They are seeking to help her learn to tell the truth all the time.

Recently Rose's grandmother died. This was a hard loss for her as she was very special to Rose. Please pray for her as she learns to trust the Lord during this time of loss and adjustment.

*** Pray for Rose ***

- That she will come to know Christ as Savior soon
- That she will adjust to her new family and the loss of her grandmother.
