

BETHESDA CHILD OF THE MONTH

December 2011

Rose

Rose Motau has been at Bethesda since September of 2006 and is turning into quite a young lady. She was featured in a COM in 2008 under her African name, Kidibone. Rose is in Grade 2 and enjoys playing with all of the children. She really enjoys taking care of her little sister, Lesego and does it very well without having to be asked to help. Rose is a talkative girl and very happy most of the time. Rose's mom says that she is very kind and that she reaches out to the people in their church who appreciate her encouragement. She is also a person who appreciates things that are given to her and is careful to say, "thank you."

Rose enjoying some cake during one of the dinners with a team

Some of Rose's greatest struggles are in doing a good job with her various responsibilities, whether chores at home or her work at school. She tends to work too fast and does things in a sloppy manner. Her parents would ask you to pray that she would start making better choices about how she does her tasks at home and at school and taking greater responsibility for her choices. Please also pray that Rose will soon understand that she is a sinner and that she needs Jesus Christ as her personal Savior. This would make a huge change in her life. Thank you for praying for this special girl!

** Pray for Rose **

- That she will understand her need of salvation
- That she will take responsibility for her choices
- That Rose would do her work carefully and in a manner that pleases God
